25X1

	- Max III Unit (Communication) (Automatic message handling device)	250,000
	- Anechoic chamber (Antenna test facility)	135,000

25X1

2. Closeout of the [redacted] and establishment of a fast reaction procurement activity at [redacted] will result in estimated annual savings of \$265,000.

25X1

3. Completion of construction of the Printing Services Building at Langley will permit relocation and closeout of the Agency printing facilities in South Building, [redacted]

25X1

4. Conversion of the Agency stock catalog to the ADP management system is planned for the spring of 1967 and the entire logistics ADP system should be fully implemented by close of Fiscal Year 1968.

5. Action is being taken to develop positive liaison with Agency operational elements in order to initiate logistics planning at the earliest date possible. Such planning should result in identification of dollar requirements and permit monitoring of project expenditures.
